FOR IMMEDIATE RELEASE

Special Reading  
Sneak Peek at the New Script

**VOICES FROM CHORNOBYL** is based on interviews with survivors of Chernobyl, some of whom still live in the zone. We ask the questions *"How do we live with Radiation?"* and *"What do we believe?"*

**VOICES** was picked up as a Fundraising & Awareness Tool by charities that help the children and descendants of survivors.

Sunday, December 9<sup>th</sup> at 8:00p.m., the new Café Muse in L.A.'s Theatre Row hosts a sneak peek at the script that will not only be filmed in 2008, but will become the touring production to raise awareness and support for the children's charities.

Admission is free! We just ask that those attending patronize the wonderful food and drink at the café (no minimum). Check out their menu at [www.CafeMuseLA.com](http://www.CafeMuseLA.com).

The Menander Theatre Presents  
A Special Reading of
